

Baxter

Global Purchasing & Supplier Management

is proud to recognize supplier:

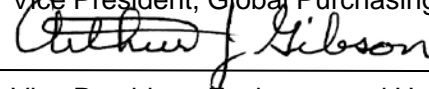

CSR-Eco Solutions

For their collaboration in the submission of the following e-Impact story.

Baxter Mississauga, Canada moved to a new, LEED silver certified building in September 2011. The furniture from the old building was re-purposed through a company, **CSR-Eco Solutions**, an environmentally sustainable asset disposal company. The estimated tonnage diverted from a landfill was 79.54 metric tons of waste. The project provided the avoidance of **28 metric tons of CO2-e!**
